ABOUT US

25 Years of Stone Excellence

Founded in 1998 in Maadi, Cairo, Capital Stone Egypt has grown into one of Egypt's most trusted exporters of premium granite and marble products. With over 25 years of experience, we serve importers, contractors, distributors, and project managers across 40+ countries on 4 continents.

Our competitive advantage lies in our direct quarry partnerships across Egypt's most prolific stone regions — Aswan, the Eastern Desert, Sinai, and Quseir — giving us full control over quality, lead times, and pricing.

From raw blocks to precision-cut custom products, every order is backed by ISO-certified quality control, professional export packing, and complete documentation: COO, Bill of Lading, SGS inspection, and CE conformity.
